

Eumulgin® SG

The O/W emulsifier with the strength of a diamond

Performance profile

- Strong O/W emulsifier at low concentrations
- High compatibility with electrolytes including water-soluble UV filters
- High flexibility in formulations regarding commonly used raw materials
- Supports formation of lamellar gels
- Uncompromising adjustment of sensorics with emollients, waxes and polymers
- Suitable for sprays, lotions, creamy and gel textures
- Easy to disperse

Emulsifying strength: stability of viscosity

Stable formulations with only 0.25 % Eumulgin® SG.

Viscosity remains stable over test period.

Sustainability benefits Eumulgin® SG

- 100 % derived from renewable feedstocks
- Approved by COSMOS, recommended for natural / organic formulation concepts
- High efficiency at low concentration
- Suitable for EO-free solutions

Brief Overview Eumulgin® SG

INCI Name: Sodium Stearoyl
Glutamate

Appearance: Free-flowing white
powder

Rec. Dosage: 0.25 – 2 %

Formulations

- “Allround” Face Cream SPF 20 (SC-FR-12-001-A014)
- Anti-wrinkle Eye care Serum (SC-DE-12-108-9)
- Body Neck and Décolleté Serum (SC-DE-12-106-7)
- Anti-aging Body Butter (SC-FR-12-001-G007)
- Free Radical Protection Face Gel (SC-DE-11-033-1)
- Moisturizing Overnight Face Cream (SC-DE-15-33114-147)
- Aqua Cream (SC-DE-15-107-12)
- Natural Balance – Butter Cream (SC-DE-14-194-16)
- Power of Beauty – Global Anti-Ageing Eye Serum – SPF 10, 5 Star UVA Protection (SC-FR-14-001-A014)

Fields of Application

- Face Care
- Body Care
- Sun Care
- Color Care
