Tinogard® TT

Antioxidant – Superior Alternative to BHT

INCI: Pentaerythrityl tetra-di-t-butly hydroxyhydrocinnamate

BASF
The Chemical Company

Tinogard® TT is phenolic antioxidant, highly effective, discoloring stabilizer to prevent degradation of product sensitive to oxidation. Good tox and eco-tox profiles provides solution to current controversial discussions related to toxicology of BHT.

Benefits

- Protects fragrances, natural oils, fatty acid and other sensitive ingredients
- Non-irritant
- Clean tox/ eco-tox profiles
- Ideal for oils, fats and fragrances in lipophilic environment
- Non yellowing
